## Education

**National Institute of Technology Srinagar, Jammu & Kashmir, India**  
B.Tech. in Computer Science & Engineering

Aug 2023 – May 2027  
CGPA: 8.68

**Kendriya Vidyalaya, Hiranagar, Jammu & Kashmir (CBSE)**

XII - 93.0% (2022), X - 91.2% (2020)

## Experience

**Fullstack Development Intern, AsynzX Computing (Bangalore, India) [Remote]** May 2025 – Present

- Built responsive, production-ready websites using ReactJS and Node.js.
- Collaborated with the graphics design team for UI/UX, gaining real-world project experience and exposure to client requirements.

**Generative AI Intern, AgentsMadeEasy LLC (Dupont Ave, Delaware, USA) [Remote]** Mar 2025 – Apr 2025

- Tested and improved the company's no-code AI platform for better stability and performance.
- Reported bugs, collaborated with developers, and enhanced platform usability for end-users.

## Projects

**MCP (Model Context Protocol) Assistant**

[GitHub](#) — [Live](#)

- Designed a modular, stateless AI assistant framework capable of understanding vague or multi-step queries using structured Model Context Protocol (MCP).
- Implemented dynamic query enrichment using OpenRouter API with DeepSeek models for context reasoning and intent recognition.
- Integrated Google Calendar and Gmail APIs to execute real-world tasks such as event creation, email composition, and task management.
- Built an agent-routing system with fallback handling and execution layers for seamless user experience.
- **Tech:** ReactJS, Node.js, Express, OpenRouter (DeepSeek), Intent Recognition, Google Calendar API, Gmail API.

**AI Resume Analyzer with Internship Recommender**

[GitHub](#) — [Live](#)

- Built an AI-powered Resume Evaluator using basic NLP and NER techniques.
- Extracted key details from resumes and evaluated them for relevance and skill-matching.
- Used vector search with Pinecone for similarity matching and browsing of other resumes.
- Integrated a web scraping module that fetches relevant internships from Internshala based on extracted skills.
- Provided a one-click redirection to apply for internships directly on Internshala.
- Resumes securely stored in Google Drive API.
- **Tech:** ReactJS, Express.js, Basic NLP, Named Entity Recognition, Pinecone, Google Drive API, Multer, PDF Parsing, Web Scraping.

## Technical Skills

**Languages:** C, C++, Java, JavaScript, TypeScript, Go (Learning)

**Frameworks/Libraries:** ReactJS, Next.js, Node.js, Express, Tailwind CSS

**Databases:** MongoDB, PostgreSQL, Cloudinary, Pinecone, Weaviate

**Other Tools:** Git, Docker, Vercel, REST APIs, JWT

## Subjects

DSA, OOP, Web Development, Software Engineering, DBMS, CN, Discrete Math
